Property Description

Incredible opportunity to be a part of a lucrative and transformative project in Tambor. This is the only Marina in the Nicoya Peninsula with Concession approval. Tambor Bay is located on the Pacific west coast of Costa Rica, at the southern tip of the Nicoya Peninsula. Tambor is a very scenic and friendly village, situated at the westerly end of our huge, beautiful and natural beach. Playa Tambor is known for its gorgeous beaches and rolling hills filled with endless jungle along the coastline. The area holds a calm atmosphere that is perfect for relaxing. Tambor is slowly starting to attract a larger influx of visitors on a regular basis. Over the years the community has expanded and many foreigners have chosen this town as their preferred destination to call home. This Marina will be located next to a small fishing village within a geographical point that is a natural barrier reef perfect for parking boats and yachts.
